## The Beggar Boys of Rome.

The poor always look cold. They are of the Lacustrine period; and yet what a priv-

On the occasion of this splendid cere mony the choir of the Sistine chapel answered antiphonally the choir of the Cathedral. The famous tenors sang their best, and so did the sopranos of St. John Lateran; and no such music, was ever heard in all the They say there is only one thing that can world outside of Rome. In front of me of the Cumberland, which was onex, in the shapes of Mexican fruits, shell, kept quite dry, and easily emptied each and that is a coyote. The coyote's voice, places. They were very much in my way, and Therwards sunk by the Merrimac, and at the work; tiles used for building and roofing; year. It is when much water of any kind moreover, has one pecularity in which it they smelt of poverty and garlic; but I envied year. It is when much water of any kind gets ahead of the Indian—it does not echo. them—for they can always see this Rome, gets into it that it is difficult of management. gets ahead of the Indian—it does not echo. them—for they can always see this Rome, gets ahead of the Indian—it does not echo. them—for they can always see this Rome, gets ahead of the Indian—it does not echo. The contract to cake the cake the contract to cake the contract to cake the contract to ca Every Spring and Fall some sulphur cones, It used to echo, but the coyotes would not while I must leave it. I gave them a small manupled Roads he was in command of the monument of poisned woods forty feet night, and for a pound of broken sulphur, wet with alco-stand it. They hated to have it flung in copper tribute of respect, and of gratitude which contains a different wood every two holland cot to have it flung to their tooth that a more soulless at manufacture which contains a different wood every two holland cot to have it flung in the which contains a different wood every two holland cot to have it flung in the which contains a different wood every two holland cot to have it flung in the which contains a different wood every two holland cot to have it flung in the which contains a different wood every two holland cot to have it flung in the which contains a different wood every two holland cot to have it flung in the which contains a different wood every two holland cot to have it flung in the which contains a different wood every two holland cot to have it flung in the which contains a different wood every two holland cot to have it flung in the which contains a different wood every two hollands are the which contains a different wood every two hollands are the standard to have it flung in the which contains a different wood every two hollands are the standard to have it flung in the which contains a different wood every two hollands are the standard to have it flung in the which contains a different wood every two hollands are the standard to have it flung in the standard to have it flung in the which contains a different wood every two hollands are the standard to have it flung in the which contains a different wood every two hollands are the standard to have a standard to h or a pound of broken sulphur, wer with alco-hol and set to burn, should be put into a tin their teeth that a more soulless atmospheric that they had taught me how rich a beggar Ladies' & Gents' Dining Rooms

## Farm and Garden.

EARLY CHICKS.—Every breeder desires early chicks, and plans to secure them if Time is passing rapidly, and the earlier the chicks are hatched after the snow is gone the better the results, more rapid the growth, and the larger the per cent. of profit. There should be no trusting to luck. The details must be attended to. There must be freedom from vermin in order for sucess to be possible. The best way to destroy these parasites is to prevent their coming, and

legious son of Belial, having exhausted his tents of these nests should be equally free
